I live in Ferry County-North East Washington. My purebred Great Pyreneese was taken from my ranch here at around the first of the month. I just received information that someone from Dupont may have stolen/taken/whatever him across the state to your area.

We have just been beside ourselves with this whole mess! Gabe is our Livestock Gaurdian Animal, and he was doing his job roaming around our 100 acre ranch protecting land and livestock. He is an important member of the family and does an important job. Yes there is a highway that runs through the property-yes we live in an extremely isolated area (hence the need for a LGD) But that doesn't give someone the right to just pick him up, put him in their car and drive him across the state! Sorry...still very upset!

Anyway, Gabe is a very large, pure white, unaltered male Great Pyrenees. He had on a green collar (no tags because, well, this is Ferry County after all, and no one has tags on their dogs here). He is about a year old, is very friendly, and has a terrific bark.

If anyone has seen a dog that looks like this, PLEASE please contact us ASAP. We need our Gabie to come home.
